FREEWAY MAINTENANCE AGREEMENT

CITY OF LODI

THIS AGREEMENT, made and executed in duplicate this _____ day of _____, 1992, by and between the State of California, acting by and through the Department of Transportation, hereinafter referred to as the "STATE" and the CITY OF LODI, hereinafter referred to as the "CITY."

WITNESSETH

WHEREAS, freeway agreements were executed between the County of San Joaquin and the State wherein the County agreed and consented to certain adjustments of the County road system required for the development of that portion of State Highway Route 99 within the limits of the County of San Joaquin as a freeway, and

WHEREAS, said freeway has been completed and the City of Lodi has in the meantime annexed this area, resulting in the County road becoming a City street, and the parties hereto mutually desire to clarify the division of maintenance responsibility as to separation structures and city streets or portions thereof and landscaped areas, within the freeway limits; and

WHEREAS, under the above freeway agreements the City will resume control and maintenance over each of the relocated or reconstructed city streets except on those portions thereof adopted as a part of the freeway proper.

MAINTENANCE DEFINED:

Maintenance is defined in Section 27 of the Streets and Highways Code as follows:

Sec. 27

"(a) The preservation and keeping of rights-of-way, and each type of roadway, structure, safety convenience or device, planting, illumination equipment and other facility, in the safe and usable condition to which it has been improved or constructed, but does not include reconstruction or other improvement.

"(b) Operation of special safety conveniences and devices, and illuminating equipment.

"(c) The special or emergency maintenance or repair necessitated by accidents or by storms or other weather conditions, slides, settlements or other unusual or unexpected damage to a roadway, structure or facility."

NOW THEREFORE, IT IS AGREED:

1. When a planned future improvement has been constructed and/or a minor revision has been effected within the limits of the freeway herein described, which affects the division of maintenance, the Department will provide a new dated and revised Exhibit "A", which is made a part hereof by this reference, which will supersede the original exhibit and which will become part of this agreement.

2. VEHICULAR OVERCROSSINGS:

The STATE will maintain, at STATE expense, the entire structure below the deck surface except as hereinafter provided. The CITY will maintain, at CITY expense, the deck and/or surfacing and shall perform such work as may be necessary to ensure an impervious and/or otherwise suitable surface. The CITY will also maintain all portions of the structure above the bridge deck, as above specified, including lighting installations, as well as all traffic service facilities (signals, signs, pavement markings, rails, etc.) that may be required for the benefit or control of City traffic.

At such locations, as shall be determined by the STATE, screening shall be placed on State freeway overpasses on which pedestrians are allowed (as directed by Section 92.6 of the Streets and Highways Code). All screens installed under this program will be maintained by the STATE at STATE expense.

3. LANDSCAPED AREAS ADJACENT TO CROSSING STRUCTURES

If there be any responsibility for maintenance of any plantings or other types of roadside development lying outside of the area reserved for freeway use, it shall lie with the CITY and not with the STATE.

4. LEGAL RELATIONS AND RESPONSIBILITIES:

Nothing in the provisions of this agreement is intended to create duties or obligations to or rights in third parties not parties to this contract, or affect the legal liability of either party to the contract by imposing any standard of care respecting the maintenance of State highways different from the standard of care imposed by law.

It is understood and agreed that neither the STATE nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by the CITY under or in connection with any work authority or jurisdiction delegated to the CITY under this Agreement. It is understood and agreed that pursuant to Government Code Section 895.4 CITY shall defend, indemnify and save harmless the State of California, all officers and employees from all claims, suits or actions of every name, kind and description brought for or on account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by the CITY under or in connection with any work, authority or jurisdiction delegated to the CITY under this Agreement.

It is understood and agreed that neither the CITY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by the STATE under or in connection with any work, authority or jurisdiction delegated to the STATE under this Agreement. It is understood and agreed that pursuant to Government Code Section 895.4 STATE shall defend, indemnify and save harmless the CITY, all officers and employees, from all claims, suits or actions of every name, kind and description brought for or on account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by STATE under or in connection with any work, authority or jurisdiction delegated to the State under this Agreement.

5. EFFECTIVE DATE:

This agreement shall be effective upon the date of its execution by the STATE, it being understood and agreed, however, that the execution of this Freeway Maintenance Agreement shall not affect any pre-existing obligations of the CITY to maintain designated areas pursuant to prior written notice from the STATE that work in such areas, which the CITY has agreed to maintain pursuant to the terms of the Freeway Agreement, has been completed.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.
